The Scott Shanklin-Peterson
Arts Management Internship Stipend

About the Stipend:
The Internship Stipend is funded by a generous donor and named in honor of long-time Arts Management Program Director Scott Shanklin-Peterson. We recognize that students fund their educational experiences in many ways. Full-time students are often juggling multiple responsibilities including employment and internships. Low-paying or unpaid internships can be a financial burden; this award helps to alleviate that financial stress.

Awards of $500 will be allocated to up to four Arts Management students each Fall and Spring semester. A committee of Arts Management faculty and staff will review applications and make final selections of awards. Recipients may be asked to speak about their experiences at Arts Management program sponsored internship symposiums or events.

Eligibility:
Students are eligible for funding if they:
● Are enrolled at the College of Charleston as an Arts Management major. Part-time students are eligible to apply. Arts Management minors are not eligible.
● Are enrolled in either ARTM 400 or 401 during the internship experience.
● Have secured a high-quality internship that is low-paying or unpaid.
● Have a demonstrated financial need. This need can be demonstrated in multiple ways. Students holding at least part-time professional employment in addition to an internship are strongly encouraged to apply.
● Are in good academic standing.

Application Process:
To apply, please submit the following via email in one PDF document to Claire Long at celong@cofc.edu or in person to the Arts Management Office, Room 315B, Simons Center for the Arts:
1. Application Form
2. Resume
3. Statement of Interest*

*The statement of interest should be one page in length and explain the following:
● The importance of the internship to your long-term goals;
● Your competing time demands, and how your professional and co-curricular experiences are advancing your long-term goals. Please list current or recent places of employment and/or service, if applicable;
● Your financial need;
  ○ What other sources of funds will support your academic and professional growth during the internship semester (previous or active employment, other stipends/awards, etc.)?
  ○ How will the internship impact you financially? Are there travel or housing costs associated? Will it displace your ability to hold professional employment elsewhere?
  ○ Note: The award committee reserves the right to inquire about an applicant’s financial need from the Office of Financial Assistance and Veterans Affairs.

Late or incomplete applications will not be considered.

Please contact Claire Long at celong@cofc.edu for deadlines.
